

LAZY J RANCH

take a HIKE, take PHOTOS, take to the HORSESHOE PIT.

Take a hike. Or join us for a wildlife photo tour. With any luck we'll locate herds of elk and mule deer grazing on the property.

Then, you can gather round the horseshoe pit before dinner and tell stories of your day away.

*"we need the tonic of wildness...
we can never have enough of nature."*

-HENRY DAVID THOREAU

no doubt about it, dinner is served!

DON'T MESS with DINNER.

Our Executive Chef wouldn't think of it. And no wonder. He's trained to serve the finest for your dining enjoyment. If you're hungry for asparagus tips and elk medallions, an upscale cowboy barbecue - even an authentic Greek lamb roast - he's ready to whip up a meal to satisfy the unique needs of your group. And that includes meals prepared to meet the standards of the Culinary Institute of America. In short, he doesn't serve your typical cowboy beans and wienies.

We call it "beyond cowboy cuisine." You'll call it delicious.
