

fine to funky

There's an art to making everyone happy.

And the Walnut Street Gallery does it with a little bit of funk and a lot of style. Works by nationally and internationally recognized artists hang out together...from Howard Behrens to Eyvind Earle.

Add to that a very select group of regional artists, then stir it up with some rock 'n roll artists like Carlos Santana and John Entwistle. And the results? A great little gallery that mixes it up beautifully without missing a beat.

WALNUT STREET GALLERY, LTD.

217 Linden Street (in the newly renovated Loomis building)
