

# No More Pounding Headaches.

An inconsistent nail can cause a real pounding headache. That's why our quality control standards are so strict, so you're assured consistency and peak performance pound after pound after pound.

From its sure-fit, tapered head to its slim, sleek shaft and sharp beveled point, Mustad Nails are designed for easy driving without splitting or bending. And with more useable nails per box,

they're a consistently better buy too.

That's the Mustad Nail.

The quickest relief for pounding headaches.
